PUPPY PRE-SCHOOL

Puppy school consists of 5 one hour lessons over 5 weeks, where we hope you and your pup will learn many things in a fun friendly environment.

To understand why your dog behaves in particular ways, you need a basic understanding of the nature of dogs and their needs.

The first session is for people only, we discuss the aim of the next 4 weeks. After this, we teach the basic, yet important, commands. Health care and nutrition are also covered.

\$92.00
for 5 weeks
